## Business List Services

Whatever be your marketing need – it is imperative for you to have a database of your prospects in order to contact them and attract them to buy your product or service.

Advantages of buying lists from us:

- **Find new customers/geographies** – millions of accurate B2B records to help you get complete details to touch an entirely new set of target audience.
- **Target potential customers** – through our mailing lists, you can select target audience to send tailor-made messages.
- **Develop a multi-channel marketing campaign** – with a mix of direct mail, e-mail and telemarketing, which is more effective and personalized than other common mediums.
- **Save cost, time and resources** – get access to millions of records, minus the hassle of collecting, collating, managing and updating the database.
- **Lists in formats of your choice** – get the output in any file format, such as Excel, HTML, Plain Text, Access, CSV format and more.
- **No involvement of middlemen** - you can be sure of the best price and most fresh data because you buy from the data source directly
- **Comply with legal requirements** – Saleslistsonline consists of opt-in emails and CAN-SPAM compliant

## Email Marketing Services

Major advantages of our email marketing services:

- **Global reach** – reach multiple geographies in just one campaign
- **Lower cost** – costs incurred in designing, executing, testing, sending and receiving an email is up to 78% less for a run of 5000 over paper-based direct mail version
- **Interactive** – you can innovatively initiate campaigns using a mix of graphics, videos, music, quiz, games, etc.
- **Highly personalized** – we personalize every message based on the target profile
- **Measurable results** – we provide accurate click-through rate, conversion rate, etc., to enable you to assess the success of your email campaigns
- **Targeted marketing** – you can select each one of your targets based on geography, age, income, spends, etc.
